

K. K. NAG LTD is a plastic processing company headquartered in Pune, India. It is known for having pioneered several plastic processes in the country. From concept to final product, everything is done in-house, including designing, prototyping and tool making. It has six factories: 3 in Pune and one each in Bengaluru, Chennai and Puducherry.

K. K. NAG LTD supports the Rashtriya Life Saving Society (India) in its quest to make people safer in India.

## Indian Rescue Manikin

- a) Three 'Weights' instead of one offer variations in bouyancy.
- b) Same size 'Bungs' or covers permit interchangeability.

- c) Hollow or curved back does not allow the manikin to stick to the bottom of the pool.

- d) Deeper Chin offers better 'Chin hold'

K. K. NAG LTD and the Rashtriya Life Saving Society (India) are working on developing a Manikin for rookies, which will be about 2/3rds the size of the current NAGMAGIC Rescue Manikin, and are trying to assess the interest level in such a product. If you feel that there is a need for a Manikin for rookies, please let us know by writing to us at [partners@kknag.com](mailto:partners@kknag.com).

### Packing and Transport:

- ◆ Four Manikins are packed in one cardboard box of size 120 cm x 80 cm x 40 cm and five such boxes are stacked on a wooden Euro pallet.
- ◆ The dimensions of each loaded pallet of Manikins are 120 cm x 80 cm x 220 cm and the gross weight is approximately 180 kgs.
- ◆ 11 loaded pallets, carrying 220 Manikins, fit into a 20 ft. container and 23 loaded pallets, carrying 460 Manikins, fit into a 40 ft. container.
